

Senior Cycle Art & Visual Studies

Senior Cycle Art is examined in three ways

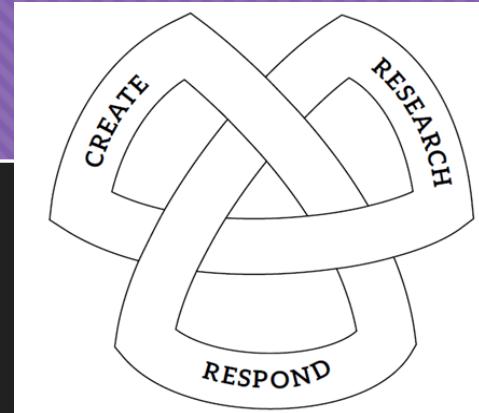

- Practical Coursework – 50% of marks
- Practical Examination – 20% of marks
- Written Examination – 30% of marks

Practical Project- 50%

- A brief is distributed in December of 6th year
- Students work on a practical project for approx. 12 weeks during class time
- All work is completed in a Visual Journal-workbook
- Artefact A is created during this time in class and preparation for Artefact B is also completed.

Workbook and Artefact A

Students explore a theme in their workbook.

The workbook is filled with drawings, experimentations with different materials and design ideas

This can only be completed in class time.

Students create Artefact A during this time, in class under the supervision of the Art Teacher

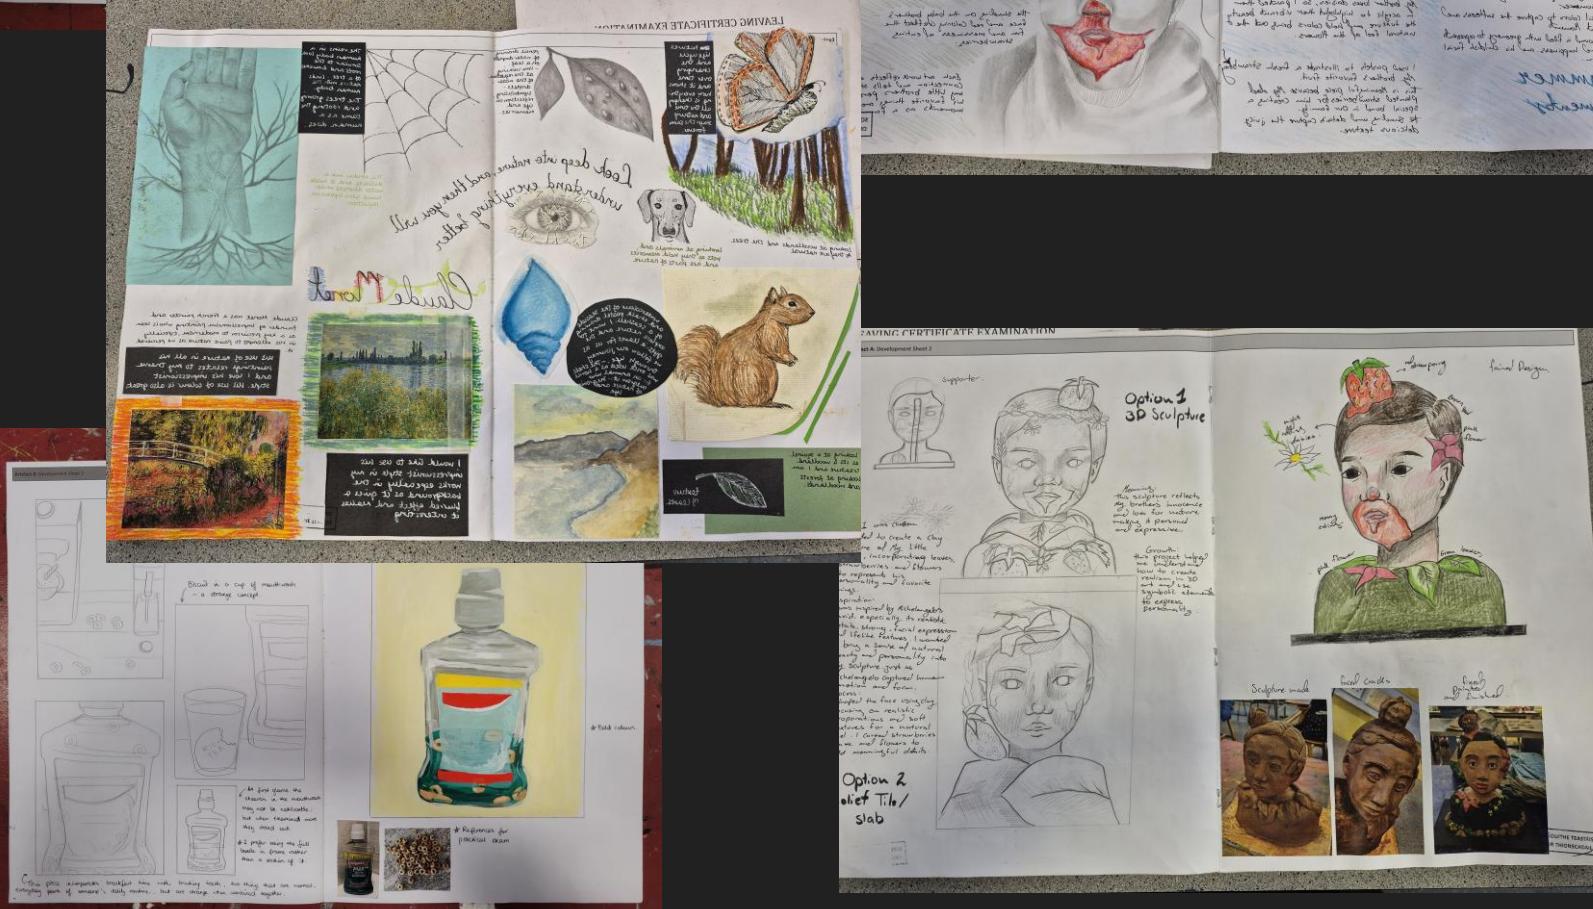

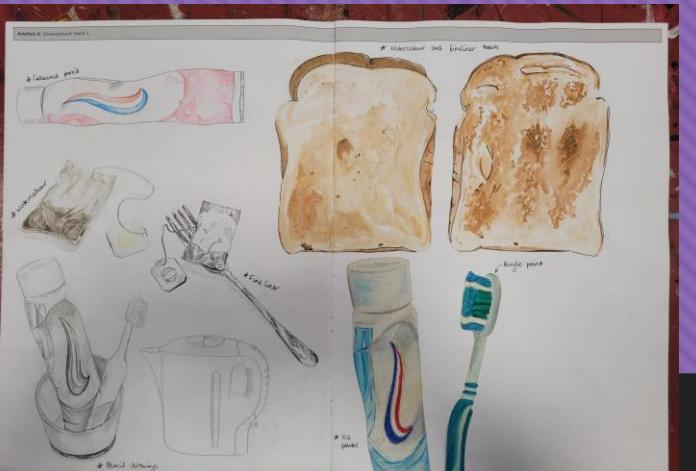

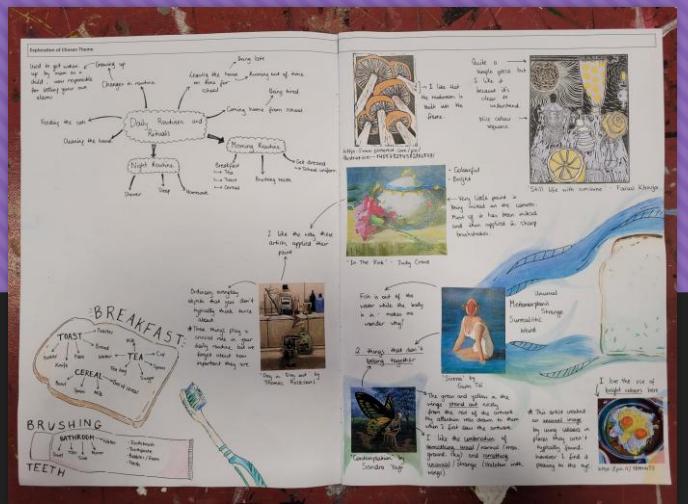

Practical Exam 20%

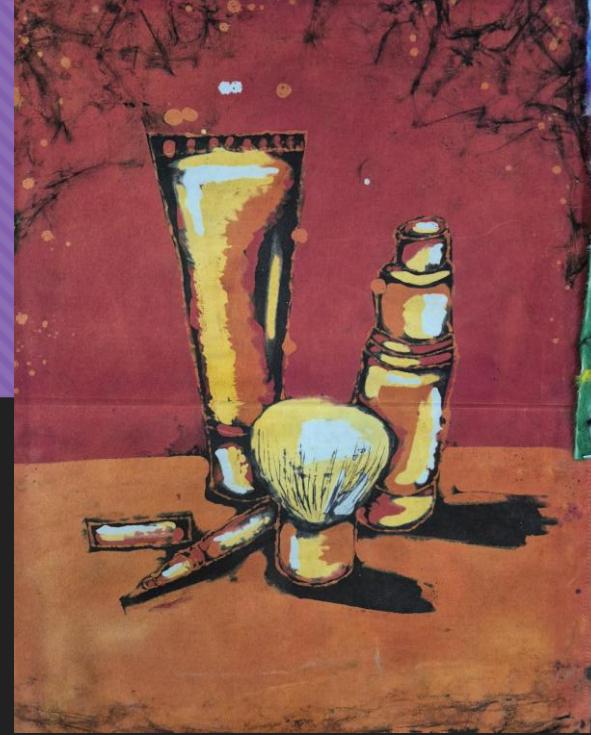

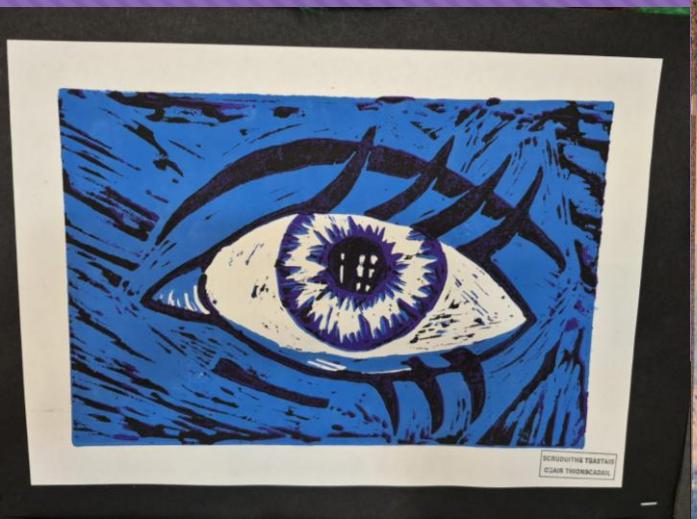

- The practical exam takes place in April of 6th year

- Students have 5 hours to complete Artefact B

all prep work completed in class beforehand and you create a painting or drawing during this time.

Who should consider taking on Art at Senior Cycle?

- **Anyone!**
- **You do not need to have done Art for Junior Cycle once you have an interest and are willing to learn Art is a fantastic subject!**

What do we do in class?

We divide our classes into **Practical classes** and **Art History (Visual Studies) classes**.

In practical classes we learn to draw, analyse themes and explore different crafts.

Crafts include- Lino printing, Etching, Batik, Painting, Clay sculpture, Needle Felting, Plaster Casting and more.

Art is a busy and sometimes messy subject!

But always CREATIVE!

Visual Studies

- Art History might seem daunting, but we only study a taster over 5th year and 6th year.
- We specialise in a European and Irish period of art, while also looking at art in Ireland today.
- We also go to Dublin each year to visit The National Gallery of Ireland or The Irish Museum of Modern Art.
- We do not use a textbook- all notes are available on Sharepoint- here we use powerpoints for each topic with some homework questions.

The image shows a screenshot of a SharePoint page titled "How do I talk about art??". The page includes a navigation bar with links for "Home", "Section A Today's World", "Section B Europe & the wider world", and "Section C Ireland and its place in...". The main content area displays a presentation slide with a colorful geometric background and the text "TODAY'S WORLD" and "Section 1 - Artist's Theory & Thinking". Below the slide, there is a thumbnail image of a person's face and a list titled "What are we going to learn?" with the following bullet points:

- Why an artist makes their work
- How do they approach it
- What happens to the work when it is complete
- Understanding the artist's rationale behind the work

What career path can you take with Art?
LOTS!
